

Making the impossible  
possible,  
and the inaccessible  
accessible.

Microsoft

- where reality and imagination combine to create endless possibilities - **Lens**

The world like you've never seen it before, all at the tip of your fingers - or resting on your nose... Learn how tomorrow's technology is impacting today's society. Watch videos! Manipulate holograms! Interact with people a country away! Or do it all at the same time!
